

Clean Energy Innovation Center

**Rutgers Energy Institute (REI) & RutgersX EcoIgnite
Clean Energy Internship at the Rutgers EcoComplex**

The Rutgers Energy Institute (REI) and the Rutgers X “*EcoIgnite: Clean Energy Proof of Concept Center and Accelerator*” Program are jointly announcing an internship position at the Rutgers EcoComplex for Summer 2017.

The student will support clean energy start-up technology development efforts at the EcoComplex including working on technology prototyping of an innovative clean energy project.

Requirements:

- Strong mechanical aptitude and a thorough interest and understanding of mechanical devices.
- Excellent written and verbal communication skills and the ability to work both independently and within a team.
- A “hands-on” person with a creative and resourceful approach to problem solving.
- Engineering students who will be undergraduate seniors or graduate students in AY17-18
- Proficiency using Solidworks to create 3D parts and assemblies as well as 2D drawings.

This full-time internship will run from early June through mid-August 2017. The internship will be designed such that the student will gain valuable scientific, technical and entrepreneurial experience.

Interested students must apply by March 31st, 2017. Applications are available on the EcoComplex website: <http://ecocomplex.rutgers.edu> or by contacting Dr. Serpil Guran, Director, EcoComplex, at sg795@njaes.rutgers.edu or 609-499-3600 x4225.
